

Endocrine Tumour Patient Research Registry

*It takes more than one pebble
to make a beach.....*

Register with AMEND's patient-owned Research Registry, devoted to endocrine tumours and associated genetic syndromes and get directly involved in relevant research more easily:

- multiple endocrine neoplasia
- medullary thyroid cancer
- SDHx disorders
- pheochromocytomas
- paragangliomas
- Familial Isolated Pituitary Adenoma (FIPA)

Helping patients to help themselves
